8 MAR 1968

MEMORANDUM FOR: Director of Personnel

ATTENTION : Chief, Position Management and Compensation Division

THROUGH : Deputy Director for Science and Technology

SUBJECT : Personnel Planning Paper for the Office of Special Projects/Office of ELINT Overseas Project

25X1A

1. Forwarded as an attachment to this memorandum is the proposed Planning Paper representing the overseas portion of the Staffing Complement for [REDACTED] in OSP/OEL project. This grade structure reflects the tentative agreements reached between members of the Office of Special Projects, ELINT and your Office. Planned incumbencies are shown as they are required in FY 1968 or FY 1969.

2. We are keenly interested in resolving as soon as practicable the grades of those positions which are shown as "slashed" grades (e.g. GS-14/15) in the attachment. We had proposed each of these positions at the higher of the two grades shown. However, it subsequently was agreed with your Office that these positions would reflect "slashed" grades until further study could be made of the responsibilities involved. Accordingly, as soon as the Facility reaches a suitable stage of operation, we will propose that the Office of Personnel make an on-site audit of the positions. We are confident that such an audit will fully support our contention that these jobs should be clearly established at the higher grades.
